

# **SPRAY-APPLIED COATING THERMAL BARRIER CORROSION PROTECTION ENERGY SAVINGS**

ThermaCote® spray-applied thermal barrier coating is Certified Green to California's standard (DHS 01350) for indoor air quality in classrooms and offices, an ENERGY STAR qualified product, and is also a CRRC (Cool Roof Rating Council) "Rated" product. With built-in corrosion protection, ThermaCote® is the perfect primer or topcoat on new or existing sheetrock, wood, glass, plastic, concrete or steel projects, and helps seal the envelope of any structure. A UL® Classified product with a 0-Flame spread, ThermaCote® is the professional's choice.
